

Welcome to our home on the web.

A warm welcome to Bettina Shuttle Services, established in 2008 in the beautiful and historic town of Stellenbosch. Stellenbosch is the second oldest town in South Africa, after Cape Town. Our focus area is to deliver an outstanding shuttle service in the wine lands of South Africa. We believe in delivering a highly superb and professional service to our clients, should it be for the local or foreign discerning traveler, or a family simply on a vacation. We are fully familiar with the importance of punctuality and the standards required to make shuttle services or tour a well enjoyed journey. We can also arrange your accommodation in and around Stellenbosch for you.

Shuttle Service Standards

Each driver is neatly uniformed and has a excellent knowledge of the wine lands and greater Cape Town area. Each driver has a valid public driving permit. All drivers will arrive at least 10 min before the booked pick-up time. All drivers have undergone basic first aid training, advanced driver training and anti-hijacking procedure. We offer you a selection of tours that are tried, tested and loved.
